The farmers of Henderson county are daily receiving, just now, over one thousand dollars each day from the various shippers of produce here. Last Saturday six cars of potatoes were shipped, Monday five. Over a thousand bushels a day are now being brought to the local market, all high quality, smooth and dry. Cabbage is of a higher quality than ever before, and more produce of all kinds is being shipped this year than during any previous year.

A Big Edition.

There are 1650 copies of this paper being printed and circulated this week. The demands made upon our advertising space is really remarkable and only reflects the growth of the town.

Hustler
One Year
on 1y 75c

Will Close Friday Night,
August 16th at 11
O'clock Sharp.

The interesting contest at Hunter's Pharmacy is growing extremely interesting. In fact, its getting to the nervous stage of the game. Its really doubtful if anything of late has created so general an interest as this. And naturally so. Hendersonville is noted for its pretty and popular girls, each of whom have scores or warm friends. What more natural than that these friends want their particular choice to enjoy a really fine trip, absolutely free of all expense, and at the same time know she has been voted the most popular girl in Hendersonville? There have been thousands and thousands of votes cast, and the end while near, in not yet.

The absolute fairness with which the contest has been conducted is one of its pleasant features.

The fortunate young lady will have an ideal trip. The big show is just really getting ready now, after its long delay. She will see many things wonderful and rare and beautiful and curious and the Hustler is going to ask her to "write-up" her trip for the benefit of its readers.
